XR 2 DOOR PICKUP

Mini-Truck Superpower

Introducing the Pickman XR with 2 doors, single cab, dual motors, 4x4 and lithium power. The Pickman XR comes equipped with off-road ready suspension with a torquey motor ready to attack the terrain. Switch from dual motor mode to single motor mode to conserve battery life and reach a higher top speed. Our efficient powertrain and truck bed architecture allows for class-leading payload capacity and towing capability - similar to a full sized truck at only a fraction of the running costs. Recharge via a 240V outlet in less than 4 hours and choose from 3 battery pack sizes to suit your needs. The Pickman XR comes well equipped with off-road ready accessories like bumper guards, roof-rack, lights and skid plates. Power assisted steering makes driving a pleasure and our stamped steel and enclosed unibody design enables us to introduce unparalleled safety. You can also enjoy comfort features such as a multi-media player, back-up camera, powered windows, locks and more. Unchain yourself from the boundaries of gas stations and look ahead to the future of electric locomotion. Pick electric. Pick adventure. Pickman.

Battery Trims

Battery	Trim	Range	Charge Time
Lithium 15.8kWh	BSE	65~90 miles	5~6h, 240V
Lithium 21.5kWh	EXT	100~130 miles	8~9h, 240V
